NOTES.

1. For the purposes of compiling the Shipping Statistics of the Commonwealth as a whole, vessels are recorded only once when arriving from or departing for countries outside the Commonwealth, namely, at the first port called at when arriving, or the last sailed from when departing. This reason will account for the apparently small number of vessels shown at the ports (see Tables XXII., XXIII., and XXIV.) of the States South Australia, Victoria, and New South Wales. For example, vessels arriving from or departing for the United Kingdom and Europe, in the great majority of cases, make Fremantle their first and last port of call in Australia, and are recorded at that port.
2. Vessels arriving from or departing for more than one country are recorded as entering from or clearing for the most distant.
